Re: Report on the I-195 Redevelopment Project Fund for Fiscal Year 2024

Dear Speaker Shekarchi, Senate President Ruggiero, and Secretary Tanner:

We are pleased to submit this I-195 Redevelopment Project Fund (Fund) Fiscal Year 2024 report. The I-195 Redevelopment District (District) has continued to experience a significant amount of activity through Fiscal Year 2024. Currently, two projects are under construction: the first phase of the mixed-use, mixed-income project on Parcel 9 which is on track to be completed by the end of the year and 150 Richmond, a 200,000-SF commercial lab development that is anchored by the Rhode Island State Health Lab and Brown University. The Michael S. Van Leesten Pedestrian Bridge remains a major attraction since its opening, and 195 District Park is on track to host over 150 events and over 1.6 million visits in 2024. Finally, there are several projects in various stages of pre-development in the District, including a permanent pavilion in 195 District Park and five private developments. These projects and the success of the five completed projects are contributing to the District's growing momentum.

As detailed in the attached table, nearly \$24 million of the approximately \$25.8 million committed from the Fund, has been disbursed. The unspent funds are deposited in a Santander collateralized money market account. The I-195 Redevelopment District submits this information pursuant to the statutory provisions that direct the I-195 Redevelopment District to report this program's fiscal year activity.

Respectfully submitted,

Caroline Skuncik
